

# User Reference

If you are reading this page it is because you have an IFCA account. In this page you will find valuable information about your account.

## General information

- [Single Sign On](#): *short description about your account, and how to manage it .*
- [Frequently Asked Questions \(FAQ\)](#): *most commonly asked questions.*
- Include IFCA datacenter as a [reference in your publications](#).

## What can I access?

Access to all the resources at IFCA is not granted by default. To know which systems you can access to, log into your account page at <https://auth01.ifca.es/>. Then click on "HBAC rules" and have a look at the table.

System trust	Access to
confluence	Account on <a href="https://confluence.ifca.es">https://confluence.ifca.es</a>
gridui	<a href="#">GRID Cluster</a>
cloud	<a href="#">Cloud infrastructure</a>
vsftp	FTP storage access
<hostname>.ifca.es	SSH access to that machine
monitor web	Internal monitoring pages
geoffrey web	Internal change management system
